

SNOW POLICY

Effective immediately, the CCHL League office will no longer be rescheduling games due to snow and winter conditions or the conditions of the highways **without the team's request.**

For a game to be rescheduled, at least one of the teams from the game must reach out to the league office at a **minimum of 2 hours prior to game time.** At the time of reaching out, the league office will then either deny the request or agree to postpone the game. The League office will make a call using the travel recommendations as per the Government of Saskatchewan's Highway Hotline. If roads leading into Regina are marked as CLOSED or TRAVEL NOT RECOMMENDED, the league will approve the request to postpone.

The League may also postpone games if there is a shortage of Refs or Timekeepers.
